What you felt could  
be included in the  
learning?

- To include the learning briefing in more training courses
- To advertise more often as a reminder of the resource
- Create a network of practitioners to share good practise
- Update the case studies periodically to keep fresh
- To recognise that challenge can be a positive if conducted in the right way rather than being a barrier

### HOW THE BRIEFING IS BEING USED

- INSET days / CPD
- Staff training
- Self reflection
- This resource supplements single agency training
- Used as a reminder as to how to support children and their families
- Shared with team members in supervision
- Used prompts in briefing when working with families
- Used as a reference tool
- When challenging disguised compliance
- Used as part of an assessment
